0. What's new for 09/10?

The 2009/2010 Ramblers Insurance contains some changes. Please read the whole of the guide to ensure you have a thorough understanding of the changes. Some key changes include;

Incident Report Form

There is a new Incident Report Form. Please ensure you use the new form if reporting an incident. The new form requests more detail, but is more user friendly and easier to understand. As such it will provide more appropriate information. We require the reporting of all incidents, whether deemed minor or major or a near miss. If any incident occurs on a led walk (or any other Ramblers activity) it must be recorded and reported to the Ramblers. Please note that a copy of the form should be filed by the Group and the original emailed or sent to Ramblers central office only, from where copies will be forwarded to Perkins Slade.

Led Walks

Following two major incidents in 2009 and consultation with Groups, new policies have been introduced to safeguard leaders and the organisation. To be considered an official Ramblers walk, and therefore covered by the civil liability insurance policy, all walks including coach rambles must:

- Be brought to the attention of the Programme Coordinator, who is ideally confident in the Leaders ability to lead the walk.
- Be publicised in advance in at least one of: Walks Finder, a printed programme or the Group/Area website.
- Have a nominated Leader, and ideally a backmarker who are both members and who ideally together, or separately have recced the walk.

In order for walks to be covered which involve an overnight stay, walks must:

- Be approved by Group Committee (or Area if being organised by the Area).
- Have an overall organiser who ideally is confident in the ability of Walk Leaders to lead each walk and who will vary the programme of walks if circumstances (e.g. weather) demand.
- Have a designated Walk Leader for each walk, and ideally a backmarker who are both members.
- Be publicised in advance.

Personal Accident Cover for working parties

Civil liability insurance and personal accident insurance is now available for members undertaking practical work to maintain or improve footpaths and rights of way. A list of covered activities is provided in section 4.2. The age limit for personal accident cover is 80 years.
1. The insurance cover

1.1 What's covered?

It is important to remember that the insurance cover exists to give protection to individuals in the case of a claim being made against them by a third party (such as a landowner, a member of the public, or another Ramblers member). This is known as civil liability insurance.

For such a claim to be successful, the injured party has to be able to demonstrate that they have suffered as a result of negligence. This principle is particularly important to remember in the context of led walks. Here, for a successful claim to be made against the Ramblers, the injured party needs to show that the walk leader abdicated their responsibility in a reckless or negligent manner.

Civil liability covers activities in both GB and abroad, with the exception of USA and Canada. Please note that medical cover is not included and personal accident cover is only available to work parties.

The Ramblers arranges insurance cover for all its activities to protect individual members from claims that arise from a third party in relation to any activities they undertake on behalf of the Ramblers. The amount insured is £10m.

The cover applies as long as:

- The activity is an official Ramblers activity organised or approved by a Group or Area committee,
- The activity is led or organised by a Ramblers member and/or a volunteer registered by Ramblers staff.

In order for walks, including Coach Rambles, to be covered by the insurance each walk must:

- Be brought to the attention of the Programme Coordinator, who is ideally confident in the Leaders ability to lead the walk.
- Be publicised in advance in at least one of: Walks Finder, a printed programme or the Group/Area website.
- Have a nominated Leader, and ideally a backmarker who are both members and who ideally together, or separately have recce'd the walk.

In order for walks to be covered which involve an overnight stay, walks must:

- Be approved by Group Committee (or Area if being organised by the Area).
- Have an overall organiser who ideally is confident in the ability of Walk Leaders to lead each walk and who will vary the programme of walks if circumstances (e.g. weather) demand.
• Have a designated Walk Leader for each walk, and ideally a backmarker who are both members.
• Be publicised in advance.

The insurance is particularly of interest to members involved in leading Group walks and to members who carry out practical footpath work with their Group. But it also covers other activities such as committee meetings, campaign rallies, publicity events and even social events. If you require a copy of the certificate please email ramblers@ramblers.org.uk.

The insurance policy is called “Civil Liability” and is underwritten by Royal Sun Alliance.

1.2 What type of insurance cover is not included?

It is important to note that the insurance cover does not include the following:

1. Medical cover & Personal Accident cover

   Medical cover is not provided. Personal accident cover is only provided for work parties, please see section 4 for further information.

   An individual injured on a Ramblers activity can not automatically claim compensation for injury nor medical expenses direct from the Ramblers or the insurers.

   The Ramblers does not provide this insurance as the activities carried out by Groups and Areas are essentially activities of low risk. One of the riskier activities carried out by some Groups is practical footpath work involving the use of tools. Here additional personal accident insurance is provided. This is covered in section 4 “Practical Work Programmes”.

2. Motor cover

   It is important to note that there is no motor cover. Further details are provided in section 3.3.7 “Transport to and from walks”.

3. Travel insurance

   Groups who occasionally book travel and/or accommodation for walking trips should note that there is no travel insurance included. Therefore any medical expenses, lost baggage and cancellations etc are not covered.

   It is recommended that the organisers of trips involving overnight stays arrange appropriate insurance cover. Various companies offer insurance for walking trips abroad. The following companies may be able to offer relevant insurance cover, including cover for USA and Canada:

   • The British Mountaineering Council  0161 445 6111
     www.thebmc.co.uk/modules/insurance
1.3 Affiliated Clubs

The Ramblers offers opportunity for independent walking clubs to affiliate. Affiliated clubs are not covered by the Ramblers civil liability insurance.

However affiliated clubs can access similar insurance cover at advantageous rates by contacting our current insurers, Perkins Slade. Any affiliated club taking advantage of this offer is asked to recognise that the Ramblers are simply providing an introductory service. As such the Ramblers are unable to enter any insurance negotiations on behalf of, or provide support to affiliated clubs on this matter.

Details of benefits and how to affiliate are available at www.ramblers.org.uk/membership/about/affiliated

If you represent an affiliated or independent club and have any type of insurance query, please contact:

Perkins Slade Limited
3 Broadway Broad Street
Birmingham
B15 1BQ
Tel +44 (0)121 698 8000
Fax +44 (0)121 625 9000
Email info@perkins-slade.com

2. Recording and reporting incidents

The Ramblers require the reporting of all incidents, whether deemed minor or major, a near miss, or if outside assistance was or was not required. This requirement, new for 09/10, will eliminate any uncertainty about whether to report or not and will assist the Ramblers to analyse incidents and inform the provision of relevant guidance and training to Groups and Areas.

If any incident occurs on a led walk (or any other Ramblers activity), it must be recorded and reported to the Ramblers. An incident may not always necessarily result in injury, but should be regarded as something that could, or may still, affect the safety and security of an activity.

The Incident Report Form is attached at the end of this guide. This form should be completed by the person responsible for the activity. It should then be given to the Group Secretary to sign and a copy kept by the Group. A signed copy must be sent to Ramblers central office by the Group Secretary.

If the incident is of serious nature please report it to the Led Walks Team at the earliest opportunity on 020 7339 8519.
The Process

An incident has taken place – what do I need to do next?

Fill in the Incident Report Form and send to Ramblers central office, keep a copy in the Group file

Is it a major incident?

YES
Contact the Led Walks Team at the earliest opportunity on 020 7339 8519

NO
Fill in the Incident Report Form and send to Ramblers central office

A major incident is defined as posing ‘immediate danger to life where outside help is required to resolve the incident’. This includes

- incidents where 999 has been called
- urgent medical help is required
- urgent help is required to get the party/member to safety
- evacuation of party/member by emergency services
- death of a participant
- any potential breach of the Safeguarding Children and Vulnerable Adults policy.
3. Ramblers led walks and insurance

3.1 Walking as a low-risk activity

Overall, walking is one of the safest outdoor activities. It’s completely natural, doesn’t overly strain your body and doesn’t require sophisticated equipment.

Every year Ramblers volunteers organise over 500 led walks a week across the country and take tens of thousands of people out walking. Of all the incidents reported to us, nearly all of them are very minor. None of these incidents has led to a claim against the Ramblers in over five years.

However, it’s still wise to take precautions to protect our members, our volunteers and the people who benefit from our services. Insurance cover is one important way to do this. However, the most effective way of running a safe walks programme is to follow basic “good practice” so that walks are organised in a safe and responsible way.

3.2 Good practice

Good practice in leading walks can sound daunting or smack of procedure, but this should not be the case. For most Groups with many years experience of leading walks, “good practice” will sound like plain common sense and is likely to have formed part of the Group’s established way of operating for many years.

The Ramblers has recently produced a Walk Leaders Checklist, a handy laminated card which contains good advice about leading walks. It now contains details of what to do in the event of an incident. Please contact your Group Secretary or Programme Coordinator, or email ramblers@ramblers.org.uk if you require a copy.

Some of the most basic elements of good practice in leading walks are simple steps such as the following:

a) Be familiar with the route by walking it beforehand, ideally with the backmarker, and make a note of any more complicated sections (e.g. busy roads to cross, slippery banks to descend, sections where the route is not so clear). Most Walk Leaders already do this routinely and call it a “recce”. Essentially, a “recce” is a form of risk assessment.

b) Before setting out on the walk, make sure everyone is aware of the distance and terrain involved and any sections of the route where particular care is required.

c) Know who is in your group and ensure that the group stays together. Appoint a backmarker for larger groups to keep the party together and do not take more people than you feel comfortable leading. If people wish to leave the walk by walking on ahead or finishing early, make it clear that they must let you know and that they understand your responsibility as leader ends when they leave the main group.

The Ramblers strongly encourages every Group to take up these measures as they demonstrate that Walk Leaders are taking their responsibilities seriously and will inspire confidence in the walkers. From the point of view of the insurance cover in the event of a claim being made, leaders who can demonstrate that they acted responsibly are in a much stronger position to counter claims of negligence.
A secure way for Walk Leaders to demonstrate they are following this good practice is to make a brief written report of the walk recce and to take a register of individuals for each walk. The Ramblers strongly encourage Walk Leaders to do this. This may be useful if, for example, it was disputed that the individual attended the walk or not and allows the leader to check numbers throughout the walk. It also enables Groups to keep a record of the numbers of attendees. For Walk Leaders or Groups who wish to do this, two forms are available at the end of this guide.

For Walk Leaders and Groups who wish to learn more about good practice for walk leading, the Ramblers has published some resources to help further. These are listed below and available at www.ramblers.org.uk/Volunteer/AreaGroup/Resources/WalksLeader

- **Leading group walks**
- **Leading group walks in remote areas or demanding conditions.**
- **Walk leader checklist.** Handy postcard-sized checklist for Walk Leaders that includes first aid information and what to do in an emergency. These can be ordered from ramblers@ramblers.org.uk or by phoning central office.
- **Organising shorter walks.** Fact sheet on devising, publicising and leading shorter, easier walks (under 8km/5 miles).

In 2008 the Ramblers established the Led Walks Team, to support the Led Walks Programme and provide support and guidance for all volunteers involved in leading Ramblers walks. Attention is being focused on best practice in relation to remote and challenging walks, where there is a heightened degree of risk. In the first part of 2009 there have been two significant incidents on remote and challenging walks. Part of the support being offered will include increased opportunity for new and existing Walk Leaders to attend training. In order to assist planning we are asking Walk Leaders to let us know who they are by completing a form at www.ramblers.org.uk/Volunteer/LedWalksForm. Please contact the Led Walks Team on 020 7339 8519 or ledwalks@ramblers.org.uk for further information or advice.

### 3.3 Some common insurance concerns relating to led walks

#### 3.3.1 Dogs on walks

The decision on whether or not dogs are permitted on a Ramblers walk has been devolved to Areas, then to Groups and then to individual Leaders themselves.

The presence of a dog on a led walk does not invalidate the insurance cover for that walk. Responsibility for the dog lies with the individual dog owner who must ensure that their dog remains under close control. They must ensure their dog does not alarm other people and they must clean up after their dog. Incidents caused by dogs are not covered by the insurance policy. Therefore, Walk Leaders need to remind dog owners of their responsibilities at the start of the walk. It is worth noting that many Groups have plenty of good experiences of allowing walkers with dogs on their walks.

In most cases keeping a dog “under close control” will mean being on a lead, but dogs can also be under control when off a lead. Dogs should be kept on a lead on roads, near
livestock or sensitive wildlife, where the terrain requires careful footwork and wherever the law or other official regulations require it.

In some places (e.g. some access land in England and Wales) there may be restrictions against dogs at certain times of the year or through local bye-laws. Dog owners who are responsible for being aware of their responsibilities and adhering to them.

3.3.2 Non members on walks

In the context of insurance and non members attending walks it is important to remember that the insurance cover does not include personal accident or medical cover. The insurance cover exists to give protection to individuals in the case of a claim being made against them by a third party.

The Walk Leader is the person most exposed to any risk of a claim being made and has a duty of care for all walkers regardless of whether they are members or not.

The way that the insurance cover is currently arranged means that all members are covered. It is Ramblers policy that the Walk Leader must be a paid up member of the Ramblers.

For membership recruitment reasons we encourage Groups to run their regular walks programmes on a “members” basis, with non-members welcome on a few “taster” walks with a particular Group. This should not deter Groups from activities that further other Ramblers objectives such as promoting walking to the wider public.

3.3.3 Winter walking, mountaineering and walks which require special equipment

Groups who undertake walks where special equipment is required should contact the Led Walks Team at central office (020 7338 8519 or insurance@ramblers.org.uk) to ensure that the planned walk will be covered by insurance.

The policy makes a clear distinction between using equipment when walking, which is covered, and using equipment when mountaineering, which is not.

Where equipment such as ropes and ice-axes are needed for safety reasons (for instance because of the conditions) over ground that could normally be traversed without this equipment, the insurers consider this to be walking or “rambling” and it is covered by the insurance policy. Mountaineering activities (which includes “pitched climbing” where members of a party ascend in stages one after the other with the aid of a rope) are not covered.
3.3.4 Walk recces
Carrying out a recce for a walk (i.e. walking the route beforehand) is strongly encouraged and considered to be good practice. The insurance covers all members whilst conducting recces for Group walks. An example of a recce form is available at the end of this guide.

3.3.5 Leading walks for other organisations
Individual members or Groups are sometimes approached by other organisations and asked whether they can arrange a led walk on their behalf. In these instances individuals and Groups should take care to ensure that they are clear which organisation is responsible for running the proposed walk. If it is to be run as a Ramblers Group activity (i.e. with the full knowledge and support of the Group committee, with an appointed Leader and publicised as a Ramblers walk) then the Walk Leader will be covered by the insurance. However, if responsibility for the walk rests with a separate organisation then the Ramblers insurance cover will not apply.

When individuals or Groups collaborate with other organisations in this way we strongly recommend that the question of responsibility and insurance cover is discussed and clarified explicitly beforehand.

As a charity ourselves, it is Ramblers policy not to enter into walks that have the primary purpose to raise funds for another organisation.

3.3.6 Administering first aid
If an individual on a walk requires first aid, any member can provide assistance until qualified help arrives. There is no danger of compromising insurance cover when providing first aid as required. It is better to do something rather than nothing at all. Please see the Walk Leader Checklist for first aid advice.

3.3.7 Transport to and from walks
Ramblers insurance does not cover travel to and from walks, meetings or events. For chartered coaches, or public transport, insurance cover is a matter for the transport operator.

As an alternative to public transport some Groups operate car-sharing arrangements where walkers meet at a convenient point and then get to the actual start point of the walk itself in shared cars.

The Ramblers supports car sharing as a means of reducing the environmental impact of driving to walks. However, Ramblers insurance does not cover any incident arising as a result of car sharing.

Ordinary private motor insurance covers drivers giving lifts to others. But this cover is invalidated if a fare has been charged for the journey so volunteers must take great care about the way car sharing is arranged and publicised.

Many Groups suggest in their programmes and other publicity that passengers in a car share should make a contribution to the driver towards mileage costs. This is fine as long
as it is absolutely clear that passengers are being requested to make a voluntary contribution. It is also fine to suggest a level of voluntary contribution that may be acceptable (e.g. x pence per passenger per mile).

If the encouragement to pay drivers appears to be more like an instruction or a condition rather than a voluntary contribution, it is possible that this could constitute a fare, which in turn, would invalidate private motor insurance.

A suggested form of words for Group publicity is:

*Our Group encourages car sharing and walkers often meet at x car park. Drivers often appreciate it when a voluntary contribution is made by passengers. As a guide, x pence per mile per passenger is considered an amount which reasonably covers the costs incurred by the driver.*

### 3.3.8 Disclaimer in Group programme

Disclaimers don’t offer any significant protection in the event of a claim. It may be useful to include some basic advice to participants but overdoing this can be unnecessarily off-putting as the risks are so low. All walk listings on the Ramblers’ online Group Walks Finder automatically carry the following wording:

*Please make sure that you are fit enough to undertake the walk you intend to join. If you’re unsure of your fitness level, try a short and easy walk first: it’s much better to find a walk a little too slow and easy than to make yourself miserable and exhausted.*

*Most Ramblers’ walks are off-road in rural areas. Please have suitable footwear and clothing for the walk you intend to join, and bring some food and drink, even if the walk includes a pub or café break. Leaders may refuse to accept participants who in their opinion are inadequately equipped or unfit. When in doubt, contact the organisers or the walk leader in advance.*

*For your own and others’ safety please read and abide by any advice and guidelines issued by the organisers, and the instructions of the walk leader. Though walking is inherently one of the safest outdoor activities, no activity is completely without risk and it is your responsibility to behave sensibly and to minimise the potential for accidents to occur.*
4.1 Practical work groups

4.1 What's covered?

Many Groups are actively engaged in practical work to maintain or improve footpaths and rights of way. In many cases this is carried out in collaboration with the local authority or similar agency. In these instances it is very common for insurance cover to be arranged by the local authority, and for the local authority to determine the conditions under which the Ramblers group can operate.

Where cover is not provided by the local authority Groups may use Ramblers insurance provision which provides cover for members. Both civil liability insurance and personal accident insurance is available.

4.2 Civil Liability Insurance

The list of activities covered is clearly defined and includes only the following activities:

- vegetation clearance
- stile building and repair
- small bridge construction
- work on steps
- work on gates
- erection of signposts and waymarks
- the use of small power tools (e.g. small drills, strimmers)

Any other activities are excluded from the policy.

4.3 Conditions Attached to Civil Liability Cover

In the event of a claim being made against them, Groups that carry out this kind of work need to demonstrate that they have taken care to ensure the safety of individuals participating in the work, and checked to ensure the work carried out was to an appropriate standard. This needs to be documented, but need not be onerous.

Two procedures are required:

a) Going through a simple check-list can ensure that individuals’ safety is considered.

b) Ensuring that the finished job is “signed off” by the landowner or local authority rights of way department can ensure that the job has been done to an appropriate standard.

Templates of a check-list and a sign-off sheet are attached at the end of this guide for Groups who wish to make use of them. Where these procedures are followed, it is important that each Group nominates one individual to archive the documentation.
4.4 Reporting and recording incidents

In the event of an incident, Groups should follow the same procedures as listed above in section 2.

Where these procedures are followed, it is important that each Group nominates one individual to archive the documentation.

4.5 Personal Accident Insurance

Personal accident insurance, for participation in practical work, is available to Ramblers members up to a maximum age of 80 years. If the local authority or similar agency organises their own personal accident insurance it is not necessary to use Ramblers personal accident insurance.

</tbody>
</table>

* The Benefit Amount shall be reduced by 50% in respect of Policyholders aged 70 years or over

** The Benefit Amount and the maximum amount payable shall be reduced by 50% in respect of Policyholders aged 65 years or older.

4.6 Conditions Attached to Personal Accident Insurance

If you require Personal Accident Insurance please send central office your name, date of birth and membership number or post code. It is recommended that the group leader compiles a list of group members and send them in together. It is necessary for staff to keep
an up to date list of those requiring personal accident insurance as this affects our premiums.

4.7 Reporting injuries

If the event of an injury occurring during practical work, a personal accident form should be completed and returned to Ramblers central office. Please see the form section at the end of this guide for a personal accident claim. (This applies, of course, only to Groups who make use of the Ramblers insurance. If a separate policy is used, Groups should refer to the guidance provided by that insurance provider). Where these procedures are followed, it is important that each Group nominates one individual to archive the documentation.

Technical Data / FSA

All insurance details contained in this document are strictly produced as a summary only. For a full copy policy document, you should write to Perkins Slade Ltd at 3 Broadway, Broad Street, Birmingham B15 1BQ

Civil Liability Insurers are:
Royal and Sun Alliance: Registered in England and Wales at St Mark's Court, Chart Way, Horsham, West Sussex RH12 1XL.
Zurich Insurance Company: A public limited company incorporated in Ireland. Registration No. 13460
Registered Office: Zurich House, Ballsbridge Park, Dublin 4, Ireland.
UK branch registered in England and Wales. Registration No. BR7985.
UK Branch Head Office: The Zurich Centre, 3000 Parkway, Whiteley, Fareham, Hampshire PO15 7JZ.

Perkins Slade, Royal & Sun Alliance and ACE European Group are authorised and regulated by the Financial Services Authority. Zurich Insurance plc is authorised by the Irish Financial Regulator and subject to limited regulation by the Financial Services Authority. Any complaints should be referred to Perkins Slade immediately and will be dealt with in accordance with FSA regulations.
Civil Liability Insurance (Oct 09/Sept 10)

A guide for Ramblers Areas and Groups

Forms

Incident report form
Participant register
Walk recce report
Working party health and safety checklist
Working party sign-off form for completed jobs
Personal accident claim form (for working parties only)

Please photocopy these forms for use as required. Alternatively access the forms directly from:

www.ramblers.org.uk/volunteer/insurance
Incident Report Form

Please complete this form for all incidents, whether deemed minor or major, a near miss, or if outside assistance was or was not required. The information supplied here is confidential and will assist the Ramblers to develop an overview of incidents and help us provide relevant guidance and training.

This form should be completed by the person responsible for the activity. It should then be given to the Group Secretary to sign and a copy kept by the Group. A signed copy should be sent to Ramblers central office by the Group Secretary. Please aim to return it within 10 days of the incident occurring. See accompanying notes for further information on how to fill in this form. Please use black ink and write clearly or fill in the form in electronically.

If the incident is classified as major (see below) please report it at the earliest opportunity on 020 7339 8519

Accompanying Notes – How to complete the Incident Report Form

When to fill in the form

This is a generic activities form for all Ramblers activities but is designed primarily for Areas and Groups. Some specific projects such as Get Walking Keep Walking will not have a Group Secretary; in which case the member of staff, activity worker, or project coordinator should sign the form. Please ensure the forms is returned to the Led Walks Team.

The Ramblers requires the reporting of all incidents, whether deemed minor or major, no matter what the envisaged severity is or if emergency services were or were not required. This includes near misses - an incident may not necessarily involve personal harm or injury. Examples of incidents include a walk where someone has been injured falling off a stile, or tripped on a pavement, damage to property following a gate being left open or someone dropping a large stone on their foot whilst undertaking practical work.

This form will enable the Ramblers to gain a better understanding of incidents, monitor trends and provide appropriate guidance and training. It is important that all incidents are recorded and we encourage an open culture of reporting, learning and continual improvement.

Please fill in the form as quickly as possible after the incident and return it as soon as possible, and within 10 days maximum. Your Group should file a copy too. You may choose to fill the form in electronically and email it to insurance@ramblers.org.uk. The form is available on the website www.ramblers.org.uk/volunteer/insurance

How to fill in the form

Please provide as much information as possible and use the continuation sheet if necessary. We request that contact details of at least one key witness are provided in case further investigation should be required. You may decide that due to the nature of the incident it is best to provide the details of a number of witnesses.

Major incidents:

If a major incident has taken place we urge you to report it to the Led Walks Team at the earliest opportunity on 020 7339 8519. A major incident is defined as posing ‘immediate danger to life where outside help is required to resolve the incident’. This includes: incidents where 999 has been called, urgent medical help is required, urgent help is required to get the party/member to safety, evacuation of party/member by emergency services, death of a participant or any potential breach of the Safeguarding Children and Vulnerable Adults policy.

What happens next?

Once your form is received at central office it will be reviewed immediately. An acknowledgement will be sent and appropriate support made available. Copies of the form will be sent to our insurance brokers (Perkins Slade) and occasionally further investigation may follow, in which case the Led Walks Team will be in touch.
